OUR MAIN OFFICE BUILDING COVERED WITH AMPELOPSIS VINE

Every Letter Box A Branch Store

Every letter box is a branch store for this well established firm, supplying hundreds of thousands of customers throughout the United States and every country in the world. Purchasing Seeds, Bulbs or Plants from us is simple, safe and satisfactory. It brings this large Seed and Plant concern within reach of every one everywhere. With our plan you are no farther from us, Headquarters for Seed, Bulbs and Plants, than your nearest letter box or Post Office, and that letter box or Post Office, or branch store, is open 24 hours a day to receive your order.

Every customer a partner. We want you to feel that this is your Seed Company, and we are going to serve you better than you can be served anywhere else. We are building our reputation on Dependability, Honesty and Truth. We are offering only the best and the most worthwhile varieties, and we know (not think), that none better can be obtained anywhere. You be the judge.

Do not put off. We may not have enough of some things to fill late orders. Fill in the enclosed order blank and mail us to-day.

EDWARD T. BROMFIELD, *President.*

Suggestions for Ordering

We do a strictly "cash with order" business. Remittances may be made at our risk by either express or post office money order, draft, or personal check.

Name and Address should always be written as plainly as possible, and should be entered on the Order Sheet before the order itself is made out. Many nameless orders reach us in the course of a season, causing deplorable delays beyond our control.

We deliver postpaid at the prices quoted in this catalog. We will deliver to your door any of the seeds (packet, ounce, or pound), bulbs, or plants offered herein. All larger quantities where marked "By Express" means the purchaser pays the freight or express charges. All prices are subject to change without notice, and we reserve the right to decline any order and return the money to the person ordering.

Some Old Favorites

The Government Is Allowing To Be Imported Again

Welcome back, old favorites, we have missed you very much and now it will be a delight to see your smiling faces once more.

Snowdrops

These lovely little flowers are the earliest in the spring, and are so hardy that they mind neither sleet nor snow. Snowdrops are graceful and pretty white flowers, touched with green. They bloom before the crocus and last a long while. Plant them in clumps and masses in the garden or a very pretty combination is to plant Snowdrops with Blue Scilla (Scilla Siberica);

	10 bulbs	50 bulbs	100 bulbs
SINGLE SNOWDROPS (Special Bulbs)	.50c	$2.25	$4.00
DOUBLE SNOWDROPS	.65c	3.00	5.00

Grape Hyacinths

Here are the popular little flowers for planting in masses in the garden or if you want a few pots of blue flowers that will cheer your windows up in mid-winter, plant some of these bulbs in 5 in. pots and treat them the same as other Hyacinths.

	10 bulbs	50 bulbs	100 bulbs

Grape Hyacinths, White	.45c	2.00	3.75
Grape Hyacinths, Special Heavenly Blue	.55c	2.50	4.00

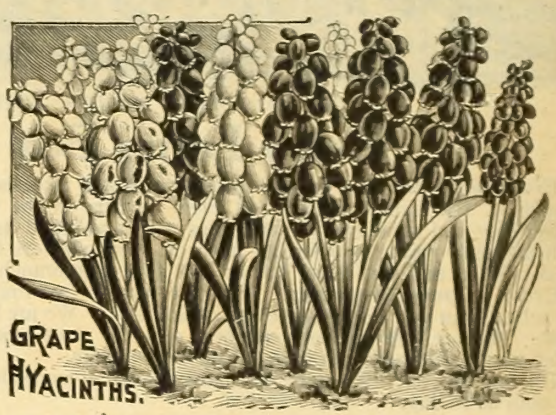
This is the largest and best of the Grape Hyacinths.

Chionodoxa (Glory of Snow)

The clearest tones of blue are to be found in these lovely flowers. Plant them in borders or rockery. They are perfectly hardy and increase rapidly, forming clumps of blue flowers. A color which is always scarce in early spring.

Chionodoxa Lucilliae, lovely azure blue, white center.

10 bulbs 50c; 50 bulbs $2.25; $4.00 per 100



Fritillaria (Meleagris)

This new variety is the most desirable of fall bulbs for early spring blooming in the garden. They always attract great attention, bearing clusters of large, bell-shaped flowers in various colors, perfectly hardy and may be left in the ground for years.

	10 bulbs	50 bulbs	100 bulbs
Fritillaria (Meleagris)	.60c	$2.75	$5.00

Scilla (Siberica)

Splendid for massing and naturalizing, drooping bell-like flowers of deepest blue and purest white; on spikes 3 to 4 inches high. Everyone should grow this perfectly hardy flower in their garden. Nothing better for pots in the house.

	10 bulbs	50 bulbs	100 bulbs
Scilla Siberica Blue	.65c	$3.00	$5.00
Scilla Siberica White	.65c	3.00	5.00

Eranthis Hyemalis (Winter Aconite)

These lovely golden blossoms are charming with Snowdrops, Scillas and Chionodoxas. Does well under trees. 4 to 8 inches high.

10 bulbs 45c 50 bulbs $2.00 $3.50 per 100

Ixias These beautiful winter flowering bulbs have rich varied colors. The center always differing in color so that opening in the rays of the sun they offer a display of gorgeous beauty. Borne on long slender, graceful spikes. Very desirable for pots.

10 bulbs 50c 50 bulbs $2.00 $3.50 per 100

Anemones Very beautiful and brilliant spring-flowering bulbs. They possess a beautiful range of exquisite colors. For pot culture they are very fine.

ST. BRIGID. A greatly improved form with immense semi-double blossoms of showy colors. Equally good for pots or the garden. **5 bulbs 50c 10 bulbs 90c $7.00 per 100**

Childs' Exclusive Novelties for 1923

New Poinsettia Santa

It is with great pride that we present to you our wonderful new Poinsettia "Santa." We are introducing this wonderful flower for the first time this year. It is our exclusive novelty, and cannot be had from any other Seedsman. Just look at the back cover of this catalog where we have illustrated it and see the great beauty of this plant. This wonderful Poinsettia Plant originally came from the far-away Canary Islands, and received Honorable Mention at the International Flower Show held in New York City last year for its remarkable color and size.

There is hardly enough plants to go around this year, so that orders will be filled in the order they are received.

Special strong young plants mailed in paper pots without disturbing the roots.
$2.50 each; 3 for $6.50; 6 for $12.00

Everblooming Amaryllis

See color plate on inside back cover

This Amaryllis from the Philippine Islands, has proved to be one of the finest in our collection. It is a strong, free grower, with flower stalks two feet high which bear from three to five exquisitely beautiful blooms of the brightest orange-salmon color yet seen. It is one of the most beautiful colors ever seen in any flower and we know of no other flower with a color just like it. It produces seed, which grows freely, and, with us, many of these seedlings have begun to bloom before they were a year old and when the bulbs were not much larger than acorns; every time the flowers appear (they come at all times of the year) they are larger and better. As a pot plant for the house this new Amaryllis is a free and easy grower and sure to succeed for any one.

Flowering Bulbs—75c each; 3 for $2.00

Seed—This germinates quickly and grows freely, blooming within a year. **Per Pkt. 50c.**

EVERBLOOMING AMARYLLIS

Hardy Amaryllis, Hallii

Magic Lily or Lycoris Squamigera

See color plate on inside back cover

This is a splendid hardy Amaryllis, with a unique blooming habit and it is the only fragrant variety. In Spring it throws up many long narrow leaves which die down in July. In August it sends up quickly several flower stalks to the height of two feet, bearing large clusters of fragrant lavender-pink blossoms. An interesting and beautiful plant. Perfectly hardy anywhere without protection. Plant in the fall.

Large bulbs—50c each; 3 for $1.25; 12 for $4.50

If You Want a Pleasant Surprise Next Spring Plant Mertensia (Virginica) Blue Bells

Plant fifty or a hundred somewhere in your garden from now until frost and when they are in bloom next spring you will thank us for suggesting them to you.

Mertensia is an American wild flower, equal to the loveliest of our present day garden subjects, requiring no further care after once planted. Just as soon as the snow leaves in the early spring, up comes this lovely flower. Attains a height of about 1 to 1½ ft., at the very top of the stem holds a tube-shaped flower of the most wonderful blue. The flowers last about three weeks, turning to clear pink. After the flower fades the foliage turns yellow and within a fortnight all growth above the ground disappears and you cannot see a sign of them again until the following spring.

Culture. We send you the root, plant it four inches deep in the ground and nine inches apart. Mertensia will succeed in semi-shade and will be glorious in bright sunshine. After once planted forget it as it requires no care and increases in vigor and size.

25c each; $2.50 per doz.; $9.50 for 50

OUR GREAT SURPRISE COLLECTION

SEVERAL DOLLARS' WORTH OF FINE PLANTS, BULBS AND SEED FOR $1.00

We are obliged to grow and import enormous stocks of all kinds of Plants and Bulbs, generally more than are necessary, to make sure of having enough. It is our custom after the heavy Fall business is over, in November, to take this surplus stock of various good things, make it into "Surprise" Collections, and offer them to our customers, giving them two to four times the Catalogue value. The "surprise" is the great variety of fine things. These collections cannot be sent out until some time in November, and will be entirely of our own selection, from kinds of which we have a surplus. No collection will be made up for less than one dollar ($1.00) and from that up to any amount the purchaser may desire, which will be sent Prepaid. We advise our friends to invest one dollar or more in this collection.

Childs' Gold Medal

Darwin and Breeder Tulips

What a joy these wonderful Tulips are and what a lovely picture you can paint with just the colors you like most! In the spring, after the long winter has become somewhat irksome, they burst forth to put joy, cheer, and happiness into our lives.

Now glance over the different kinds and colors on the opposite page and be sure to include some of these wonderful Tulips in your fall order.

Giant Long-Stemmed
Darwin and Breeder Tulips

The Darwin and Breeder Tulips belong to the same family. In the Breeder Tulips we find the bronze, buff, and brown shades, while the Darwin gives us the rich dark colors as well as the softer tones. Plant them in clumps of a dozen or more in the shrubbery border or in beds on the lawn and you will have a fairyland of gorgeous colors.

Culture. Plant in October, or before the ground freezes, five or six inches deep and five inches apart and cover with stable manure or leaves. For forcing inside, bulbs should be planted early in deep pots and put in a dark place for six weeks in a temperature of 55 to 60 degrees. Keep watered and bring them in the light slowly.

		10 bulbs	100 bulbs (50 bulbs at the 100 rate)
Rose	**PRIDE OF HAARLEM.** Brilliant rosy carmine with blue base, very large flower. A wonderful Tulip, both for its glorious color and stately habit. Unsurpassed for borders or for early forcing. Height 25 inches	$0.50	$3.85
Rose	**BARONNE DE LA TONNAYE.** Bright rose shaded geranium pink; cup-shaped; good bedding variety. Height 26 inches	.55	4.00

Brown	**DON PEDRO.** Coffee brown, edged golden brown, inside a rich dark mahogany; large, fragrant flower; superb. Height 24 inches	1.10	10.00
Pink	**CLARA BUTT.** Clear pink, flushed salmon rose, lovely and distinct in color and shape, exceedingly popular and one of the best varieties for forcing. Height 21 inches	.45	3.50
Pink	**APHRODITE.** Silvery rose pink with white base, large round flower of exquisite color, superb. Height 34 inches	1.75	15.00
Purple	**LOUIS XIV.** (See color plate on front cover.) A royal flower, dark purple, flushed bronze with golden brown margin. Very large globular flower; most wonderful of the Breeders. Height 28 inches	2.20	20.00
Yellow	**AVIS KENNICOTT.** This is really a cottage Tulip, but is the best yellow to put with your Darwins. Very large yellow flowers with black spots at the base. Will not force. Do not plant inside. Height 25 inches	.90	7.45
Black	**LA TULIPE NOIRE.** Very dark maroon-black, the blackest of all, having a velvety sheen in the sunlight. Large flower. Height 25 inches	.60	4.75
White	**WHITE QUEEN.** A lovely soft white when fully open, though tinged blush at first. Height 24 inches	.60	4.50
Red	**EUROPE.** Glowing salmon scarlet, shaded rose, white base, medium sized flower, strong stem. Fine border sort. Height 22 inches	.60	5.00
Red	**GLOW.** Dazzling Vermilion-red, white base with blue markings; handsome and distinct. Height 23 inches	.60	5.00
Lavender	**ERGUSTE.** Pale violet, flushed silvery white, inside deeper with white base; graceful in habit; good for forcing or for borders. Height 26 inches	.75	6.50
Lavender	**REV. EUBANK.** An exquisite shade of soft lavender-violet, shaded silvery gray. Remarkably beautiful color and a standard sort for all purposes. Height 22 inches	.55	4.50
Apricot	**APRICOT.** Edged bronzy buff with olive green base. Large flower on strong stem, sometimes coming double. Height 25 inches	.90	8.00
Orange	**AFTER GLOW.** Deep salmon shaded orange, shading lighter at edge of petals. Inside deep orange with lemon base. Does best out of doors. Height 26 in.	1.75	15.00
Wine Color	**CARDINAL MANNING.** Dull wine red with rosy bronze flush, changing to rosy violet. Extra large flower. Height 30 inches	.70	5.50

Our Gold Medal Mixture

This wonderful mixture of Darwin and Breeder Tulips contains a great many varieties such as listed above. Splendid effects may be obtained by planting this mixture, which has been moderately priced.

May-Flowering or Cottage Tulips

Among these tulips are found some of the most exquisite flowers. It should be noted that it is only in this class of Tulips that we have the clear beautiful yellow tones.

The Cottage Tulips are late flowering, coming into bloom the same time as the Darwin Tulips. They are hardy and may be left in the ground during the summer.

Culture—Plant six inches deep and six inches apart. Excellent for beds on the lawn or in clumps in your perennial or Hardy Garden. Don't miss ordering them this fall.

Our New and Rare Mixture

Here we offer a lovely selection of the very finest new and rare Cottage Tulips, including many of the above named varieties, for those that just must have the best.

Striped Tulips, Bybloom and Bizarre

(May-Flowering)

These are very attractive and rather odd Tulips. The Byblooms are feathered and striped with rose or violet on a white ground while the Bizarre are brown striped and feathered on a yellow ground. They grow about 18 to 24 inches high and bloom about the time the Darwins do.

We have the choicest of these kinds and know you will enjoy growing some this year.

Our 1924 Catalogue

Will be issued late in December and contain many new novelties as well as the standard varieties of seeds, bulbs and plants. It will also have a new service that will interest every one of our customers.

This catalogue will be sent to all our recent customers, and any others that write for it. Be sure you are on the list!

Single Early Tulips

Here we have a very pleasant surprise in store for our customers that order some of these early Tulips. They are the best of all the Tulips for planting in solid beds where masses of color are wanted. They flower early and you can remove them in time to put in plants (annuals) that will make a splendid display early in the summer. For bright early coloring or for indoor growing, be sure to order some of these early Tulips.

THE LILY TULIP

Crocus

These fascinating bright little flowers are the earliest of all, they pop up their lovely heads at the first warm Spring Sunbeams. They grow almost anywhere in beds, under shrubbery, scattered broadcast under trees or in pots in the home. There is one thing to be remembered, and that is not to cut them down until the foliage has matured and died down or they will not come up another year. Whatever you do, plant plenty of them for they like company.

Purple Blue	**BARON BRUNOW**
Yellow	**YELLOW MAMMOTH**
Striped	**SIR WALTER SCOTT**
White	**KATHLEEN PARLOW**
White	**MONT BLANC**
Bright Purple	**PURPUREA**

VARIEGATED FOLIAGE TULIPS

These Tulips are beautiful in foliage, as well as flower. Broad green leaves, elegantly marked with white or soft yellow. Many fine colors, double and single, mixed. **10 bulbs 70c; 50 for $3.25; 100 for $5.50**

GESNERIANA TULIPS

These are among the most brilliant of the late bloomers. The leaves are large and long, with tall stems and very large, glossy blossoms. Planted in clumps, they will brighten shady places wonderfully.
Mixed 10 bulbs 65c; 50 for $3.00; 100 for $5.00

DUC VAN THOL TULIPS

These are the best of all for house culture, and the first of all to bloom out of doors. In habit they are very dwarf, and somewhat smaller flowered than other Tulips. They are noted, however, for the depth and purity of their colors, and as they bloom two weeks in advance of all other Tulips are quite indispensable.
Mixed 10 bulbs 50c; 50 bulbs $2.35; 100 bulbs $4.50

LILY TULIP, Elegans

Elegant cup-shaped flowers with pointed petals gracefully recurving, which gives the flower the appearance of a most refined and exquisite lily.

Many New Features In Our 1924 Catalogue

We are planning to give our customers a new service that will be the most helpful ever given by any Seed House. Our 1924 Catalogue will be issued late in December, and contain many new novelties as well as the standard varieties. Illustrated in beautiful color plates.

This catalogue will be sent to all our recent customers and any others that write for it. Be sure you are on the list!

Narcissi, Daffodils, and Jonquils

The Federal Horticulture Board of the Department of Agriculture has announced that after three years, they will not permit the importation of any variety of Narcissi or Daffodils.

We therefore urge our customers to plant as many of these bulbs each year as they possibly can, as after this time it may be very difficult to obtain these wonderful flowers in any quantity.

When you think of spring you think of Narcissi, Daffodils and Jonquils. They increase in numbers every year and are easy to grow, but after 1925 they will not be allowed to enter our country, as this new Quarantine will be effective. So be sure your order has enough Narcissi, Daffodils and Jonquils on it. We are making you a special offer in mixture at the bottom of the page.

Giant Paper-White Narcissi

For Growing in Water in the House

These large flowering Paper-White Narcissi are a great improvement over the older style. They are very early and will bloom by Christmas time if started early. Do not omit these from your order.

10c each; 5 for 40c; 10 for 65c; 100 for $6.00.

Double Roman White. Flowers very double, pure white with yellow center; borne in large clusters. Very fragrant.

12c each; 5 for 50c; 10 for 90c; 100 for $7.00

Culture. Bulbs may be planted in pots and put away in a dark place at a temperature of 55 to 60 degrees, in order to start the roots growing first, then brought to the light. A very popular way is the Chinese Method: set the bulb or bulbs in a glass or bowl, filled with pebbles and keep roots covered with water.

Chinese Sacred Lily

(Imported)

These are most popular winter-blooming plants. Bulbs large, and each one sends up several spikes, which bear clusters of large, perfect wax-like blossoms with yellow center, and delicate fragrance, which is not excelled by any flower. A dozen of these bulbs started in succession through the fall and winter will give a long season of beauty and fragrance. Easy to manage and you will be delighted with the results.

Extra large Select Bulbs (imported), **35c each; 3 for $1.00**

American Grown—Bulbs not so large but solid and will flower abundantly. **20c each; 6 for $1.00**

Culture. Same as for Giant Paper-White.

Note—The main point to consider when grown in pots is to be sure they have made plenty of roots before being brought up to the living-room.

PAPER-WHITE NARCISSI

The Golden Sacred Lily

Wonderful fragrance and the color is deep glowing yellow. Very easy to grow in water and pebbles or sand or soil. Perfectly hardy and may be planted in the garden, where it will bloom a little later than the Crocus. **10c each; 5 for 40c; 10 for 75c.**

Double Golden Sacred Lily. Just like the above, except the flowers are perfectly double. **10c each; 5 for 40c; 10 for 75c.**

The Finest Freesias

Humus or Natural Soil Life

This is superior to manure, for it is concentrated soil life. It will not injure the most sensitive plant, and is absolutely odorless, clean, sterile and utterly devoid of filth of any sort.

FOR PLANTS, GARDENS, AND LAWNS. Soil will show wondrous results from the start. It is their natural soil, and there can be no better. Used in the hills of corn, beans, melons, or scattered in rows of beets, carrots, onions, etc. helps much. Can be used on any flowering plants to great advantage, giving them strength to resist drouth and disease.

Childs' Finest Peonies

For many years we have specialized in this wonderful flower and have sold many, many thousands of strong plants to our satisfied customers. We send out divisions of two or three eyes or roots grown one year from a division.

Culture. Peonies are great feeders and love a well-prepared bed. Work in some bone meal or well-rotted manure. Cover the eyes with soil about 3 inches. Place Peonies two or three feet apart. A mulch of well-rotted manure applied to the bed each fall is an excellent thing. Plenty of water during May will increase the size of the flowers.

Hardy Lilies

Fall is the time to plant Lilies and we recommend you plant them deep enough, say from 6 to 8 inches. Cover the beds with leaves during the winter months. They are most satisfactory, as they come into bloom when shrubbery has ceased to bloom.

New Royal Lily Regale

One of the most beautiful lilies of unusual colorings, clusters of blooms measuring from four to six inches in length and have a sweet fragrance. The colorings are most beautiful, inside the throat of the flowers is bright canary yellow shading toward white at the edges, very often there is suffusion of pink. Blooms during July and August. This Lily is perfectly hardy, after once planted, it will increase with each succeeding year.

$1.00 each; 3 for $2.70; 6 for $5.00

Tenuifolium (The Coral Lily)

The brightest of all Lilies. Grows twenty-four inches high, graceful stems and beautiful shaped flowers of a brilliant coral-red. Blooms very early.

30c each; $3.00 per doz.; $25.00 per 100

Madonna Lily

The Favorite Lily of the Hardy Garden. See Color Plate on Inside Front Cover

Lilium Auratum—One of the most popular of the Hardy Lilies, grows well among Peonies or in the Hardy border. The flowers are pure white, studded with crimson spots. **35c each; 10 for $3.25; 50 for $12.50**

Lilium Hansoni (Golden Turk's Cap Lily)—A rare and fine Lily. Blooms in June and early July, the flowers appearing in large clusters. Color rich yellow with deep brown dots. Anthers reddish orange. This is one of the very hardy lilies that is well adapted to general cultivation. It grows from three to five feet tall and is excellent for a permanent planting. Our stock is large and fine. **75c each; $7.50 per doz.**

Lilium Superbum—Very beautiful orange red. **30c each; $3.00 per doz.**

Grand Speciosum Lilies

The Speciosum Lilies have a rich blending of colors, and delicate fragrance not found in any other type. The bulbs are not strictly hardy although they will very often stand much cold, therefore it is better to protect in winter with coarse litter. **Praecox is the least hardy of all and requires protection in winter.**

Magnificum.—A greatly improved Speciosum of wonderful color. White, suffused rose pink and spotted red. The base of each petal is striped with green and the anthers are red.

Melpomene—Words cannot describe the beauty of this variety. Frosted white, spotted, clouded and bearded with pinkish crimson. Petals deeply recurved and widely bordered red.

Praecox—Large, perfect and beautiful. Frosted white with a tinge of blush at top of petals. A charming variety. Should be protected in winter with a mulch of leaves or straw.

Rubrum—Deep rose, freely spotted crimson and mottled white. Flowers four to six inches across.

Any of the above four select bulbs, 50c each; $5.00 per doz.

LILIUM AURATUM

Lilium Elegans

Large tulip-shaped blossoms of many shades and colors. The umbels of upright, cup-like flowers are very pleasing. Among the earliest of all Lilies to bloom, and good for pots and for forcing. Very hardy, healthy and free blooming in all situations.

Aurantiacum Verum—Beautiful, pure apricot-yellow. Very fine. **30c each; $3.00 per doz.**

Leonard Joerg—Light orange-yellow, spotted black, medium height, and one of the best of the Elegans type. **25c each; $2.50 per doz.**

Orange Queen—One of the finest forms in this group, very vigorous, over one foot high, bearing one to three flowers of a beautiful bright light orange color with dark spots. The petals are of great substance, very broad and rounded at the ends. **50c each; $5.00 per doz.**

Painted Chief—Very bright flame color shading to lighter. **30c each; $3.00 per doz.**

Robusta—Superb for winter-blooming or for the garden. Flowers very large, wide open; light orange-salmon, richly spotted chocolate. **25c each; $2.50 per doz.**

One of each of the above five for $1.50

Mixed, all colors 20c each; $2.00 per doz.

Lilies for Winter Blooming

These are the Lilies for indoor growing. Bulbs should be set with the top just above the surface in 5 inch pots, and if possible placed in the earth out-of-doors, cover the pot lightly with straw until the roots have a chance to start, then take indoors and keep in a cool room while growing. Warm water given several times during the week, will help the flowering period.

EASTER LILY, Longiflorum Giganteum

No Lily excels this as a winter bloomer. The flowers are very long and trumpet shaped; pure white and deliciously fragrant. Three to twelve magnificent blossoms on a stem. Blooms splendidly in pots. This is the genuine Easter Lily which is so well known and popular. It is grown by all florists and sold at a high price, at Easter time.

Strong bulbs, 75c each; 3 for $2.00

BERMUDA LILY, Lilium Harrisi

Another very fine white Lily of great beauty and an early bloomer. It grows to the height of four feet with a great cluster of pure, waxy white, fragrant flowers with bright yellow anthers. A very fine Lily which is much used for Easter decorations on account of its great height and many flowers.

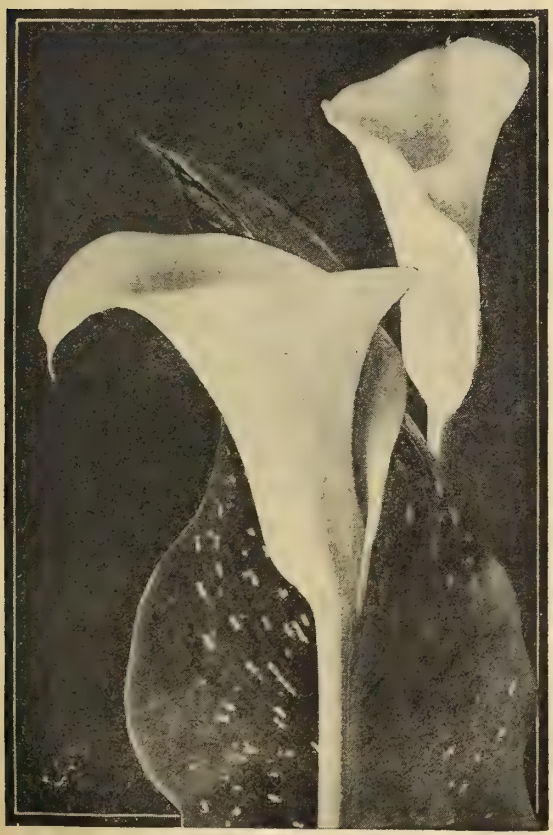
60c each; $6.00 per doz.

CALLA, ELLIOTTIANA

Giant Yellow or Golden Calla

This is a yellow Calla of marvelous beauty. Flowers very large and of the brightest golden-yellow. Leaves beautifully spotted with white. Its great size of bloom, brilliant yellow color, and large, strikingly marked leaves make this a plant of unusual beauty and novelty. Fine for winter-flowering, planted in December or January. Strong flowering bulbs.

50c each; $5.00 per doz.; Extra large, 75c each; $7.50 per doz.



CALLA ELLIOTTIANA

THE STATELY EASTER LILY

CALLA, GODFRY—Everblooming

One of the best window plants grown

This Calla has the habit of the very dwarf sorts by blooming when very small, growing on through the various stages of dwarf, half dwarf, and large sorts up to Giantissima. Its immense, rich green leaves and pure white flowers of graceful shape, make a splendid plant for any window. It has also fragrance and everblooming qualities. To all these may be added the novel quality of summer-blooming in the garden.

30c each; 4 for $1.00

Mammoth Bulbs—These are bulbs of extra large size and strength. **75c each**

RANUNCULUS

This is a charming winter bloomer when several bulbs are grown in a pot and treated as Hyacinths. Out of doors they bloom freely just after the Tulips are gone and are most attractive in foliage and flower. The double blossoms are red, pink, yellow, black and variegated on long stems. Good for cutting.

Giant French—Mixed colors, 10c each; 85c per doz.

DOUBLE RANUNCULUS

Hardy Flowering Shrubs

All Shrubs are Sent by Express at Purchaser's Expense

In beautifying the home grounds, large or small, the hardy flowering shrubs are of first importance. They are indispensable either in groups or singly to soften the angles of buildings and give seclusion. For massing along walks and drives they are most appropriate and attractive at all seasons. A well selected planting will give splendid foliage and flowers from early spring till frost and several varieties produce bright berries that remain nearly all winter. They require little care and increase in beauty each year. Our list includes the most desirable shrubs.

Azalea Amoena—A lovely hardy evergreen Azalea with beautiful foliage. In May or June the plants are densely covered with rich violet-red blossoms, which are exceedingly showy. Every leaf and twig is hidden by the quantity of flowers. **40c each; 3 for $1.00**

Azalea, Amoena Superba—Similar to the above except in color which is a most intense deep crimson. We can recommend it as a shrub that will give great satisfaction. Blooms profusely when plants are very small. **40c each; 3 for $1.00**

Berberis, Thunbergii, Japanese Barberry—A most beautiful and valuable shrub at all seasons. Small foliage which changes color in the fall and bright, red berries that remain all winter. A most graceful hedge plant. **50c each; $5.00 per doz.**

Syringa, Vulgaris, Common Lilac—This is the well-known purple Lilac of the old-fashioned garden. A tall shrub with smooth, heart-shaped leaves and great panicles of most fragrant blossoms in spring. **50c each**

Japanese Tree Lilac, Syringa Japonica—This wonderful Lilac from Japan grows to a fine tree twenty feet high, yet blooms well when only a shrub like other Lilacs. The flowers are creamy white, blooming somewhat later than other Lilacs. **$1.00 each**

Forsythia, or Golden Bell—Very early in the spring, while yet leafless, the Golden Bell hangs out its rows of drooping yellow bells. The leaves that come later are of a dark, almost myrtle green, turning early in fall to a rich bronzy-purple. A most showy and brilliant shrub in spring. **40c each**

Hydrangea Paniculata—A most valuable ornamental shrub. Bushy and robust, every branch tipped with an immense close panicle of flat snow-white flowers. The trusses of bloom are ten to twelve inches long and nearly as thick through, lasting for two or three months, turning pinkish toward the last. Always blooms the first summer, July. **60c each; 3 for $1.50**

Hydrangea Snowball—This Hydrangea begins blooming in May or June and continues in profusion until frost. The flowers are pure white, the clusters as round as a ball and of great size. **75c each; 3 for $2.00**

HYDRANGEA, PANICULATA

Deutzia, Lemoinei—A low compact bush which in June is loaded with large, round, snow-ball-like clusters of pure white flowers. We know of nothing more beautiful, yet it has the added merit of being a grand pot plant for winter blooming. It is not too large for a pot and blossoms very finely at any time during winter. **40c each**

Deutzia, Crenata Magnifica—A shrub of phenomenal beauty and unlike any other Deutzia. Stems large bronze-green, middlesize leaves, pointed and finely toothed. Numberless flowers in the form of crowded panicles, round, opening large, full and double. **40c each**

Daphne Cneorum—A hardy shrub which trails over the ground in a most beautiful manner. Being evergreen, it is the most desirable plant we know of for cemeteries. The plant is composed of spiral branches of dense evergreen leaves. The flowers are a lovely pink color, in clusters, and are borne profusely in early spring, and during summer and fall. **75c each**

Robinia Hispida, Sweet Pea Shrub—This bears dainty sprays of lovely rosy-pink blooms and graceful pinnate foliage. Very hardy and grows to the height of three or four feet. Its flowers are borne in clusters and are the size and shape of lovely Sweet Peas. **40c each**

Spirea Anthony Waterer—A perpetual bloomer of dwarf habit, flowering profusely when only a few inches in height. The flowers are of a lovely dark crimson-red color, borne in dense clusters, and have a peculiar feathery appearance which is beautiful. It forms a graceful bush three feet tall. **50c each**

Symphoricarpos, Coral Berry—Of dwarf, low-branching habit, forming a dense globular bush with fine foliage and pink blossoms. Its special beauty, however, is in its great crop of beautiful crimson berries which appear in compact clusters closely set along the branches. The berries remain nearly all winter making this a very desirable shrub. **40c each**

New Double Syringa, Philadelphus or Mock Orange—This is a new Syringa with flowers double the size of the old variety, of pure white color, semi-double, becoming double as the plant ages. It blooms abundantly in May and June. Flowers deliciously fragrant. Nothing excels this variety. **$1.00 each**

Weigela Rosea Gigantea—A large gracefully spreading bush with immense rose pink flowers. Blooms in May and makes a splendid shrub which should be included in every planting. **50c each**

Weigela Rosea Variegata—Leaves light green heavily variegated with a creamy-yellow, but when its myriads of long, tubular, rose-colored blossoms are out, bending every branch to the ground, we see one of the most magnificent flowering shrubs. **50c each**

Viburnum, Plicatum, Japanese Snowball—This is one of the most attractive shrubs for the lawn. Its great, pure white balls of bloom appear in May and with the rich green foliage make a most graceful and showy plant. **75c each**

Childs' Boston Ferns

Ferns are perhaps the most attractive and useful plants we have for the house. The smaller growing varieties are unexcelled as dainty table decorations and the large sorts make elegant specimen plants. We make a specialty of Boston Ferns, growing them in large quantities and offering only those which are best adapted to house culture. We have classified the different varieties to make selection easy. All are easily grown in the house.

Culture. To get the best results and have your ferns grow luxuriantly, mix with your soil about 25% of our wonderful Humus.

Price by mail prepaid: **3 lb. pkg. for testing 75c: 7 lb. pkg. $1.40.**

Straight Frond Boston Ferns

Bostoniensis—The Original Boston Fern—Of all decorative plants for house culture, this is perhaps the most imposing and satisfactory. It is so hardy that it will stand and thrive in most any situation in a room even if out of the sun's rays. Plants form an immense number of graceful drooping fronds, varying in length from two to five feet and always of a fresh, healthy and beautiful green color. **30c each: 4 for $1.00**

Teddy, Jr.—A superb dwarf form of the splendid Mrs. Roosevelt Fern. One of the newer Ferns that is now very popular. **30c each: 4 for $1.00**

Ostrich Frond Boston Ferns

These all bear wide plume-like fronds like ostrich feathers. Among them are the very largest and grandest of all Boston Ferns.

Pierson's Boston Fern—Immense wavy fronds, long and beautifully feathered. A most magnificent Fern and a rapid grower. **30c each: 4 for $1.00**

Whitmanii Compacta—This is a condensed form with the pinnae, subdividing, making miniature fronds which are superimposed on the main fronds, looking as if two or more were condensed in one. **35c each: 3 for $1.00**

Crested Frond Boston Ferns

These have crested, crinkled and frilled fronds, both odd and beautiful, dwarf growers, and rich green color.

Muscosa—A very dwarf Fern, with dense compact fronds of deepest and richest emerald green. **30c each: 4 for $1.00**

Childsi (Childs' Boston Fern)—This remarkable sort originated in our greenhouse. The fronds are short, narrow and rigid, held mostly erect in dense masses which make a most peculiar and attractive plant. Distinct. **50c each: 3 for $1.25**

Baby Randolph—A beautiful dwarf sort, with long, graceful and partly crested fronds. **60c each: 3 for $1.50**

Lace Frond Boston Ferns

This class all have most exquisite foliage like fine lace work. They are of short, compact growth and make most desirable plants. Splendid for table decorations.

Amerpohlii—This to our mind is the most graceful and beautiful of all Boston Ferns. It is very much superior to the Fern Ball and well adapted to a hanging pot. Fronds, broad, finely cut and waved. **40c each: 3 for $1.00**

Lace or Baby (Goodi)—This has the finest foliage of all Ferns. It is so delicate that it gives the impression of the finest lace work. No fern in existence can compare with it in fluffiness. It is hardy, dwarf, compact and charming in every respect. **30c each: 4 for $1.00**

Verona—A larger and coarser form of the Baby or Goodi Fern. Very hard and tough, making a widespreading plant of fine form. Semi-dwarf. **30c each: 4 for $1.00**

Fancy Frond Boston Ferns

These produce fronds of varying or mixed types, and are all very beautiful.

Norwood—A most beautiful form of Nephrolepis; graceful, compact and symmetrical; a vigorous healthy grower. **60c each: 3 for $1.50**

Tuberosa Plumosa—Exquisitely beautiful; the laterals of the fronds streaming out and drooping and curling like ostrich feathers. **40c each: 3 for $1.00**

Victory—Quite a long and rather narrow frond, which breaks at the ends, branching or pluming to a considerable extent. A very graceful variety. **50c each: 3 for $1.25**

Baeri or Fan Fern—This new Fern, developed in our greenhouses by Mr. Chas. Baer, possesses many points of distinction and value of which the following deserve special emphasis. It is a vigorous grower like Splendida and Piersoni, from which it was developed; of compact growth, with many vivid, glossy green leaves. The leaves are strongly crested, spreading fanwise, sometimes forking as many as eight times. The leaflets along the sides are ruffled, usually forked at the tips, all combining to make this variety most unusual and interesting. **$1.00 each: 3 for $2.50**

Special Fern Offer In order that you may have ferns in every room in your home and on the dining room table, we will make this special offer of one of each (14 in all) of the above mentioned ferns all for **$5.00.**

Choice House, Window or Greenhouse Plants

ABUTILON, New Trailing

A novelty of great beauty. This wonderful Abutilon has rich deep green leaves, spotted rich yellow. Flowers long and somewhat trumpet-shaped of the richest blood-scarlet color, while the slender branches will grow several feet in length, trailing gracefully from a suspended pot or basket, or may be trained as a climber. A plant of striking beauty.

35c each; 3 for $1.00

Two other very fine Abutilons are here offered. They produce flowers of wonderful size and beauty, far superior to any of the older sorts. Foliage is also very vigorous and handsome.

Giant-Flowered Yellow—Immense wide spreading blossoms of a fine, clear lemon-yellow. **25c each**

Giant-Flowered Pink—A rich, dark pink of great size and wonderful beauty. **25c each**

ASPARAGUS

Plumosus Nanus-Downy Plume—A delicate and graceful plant with wide-spreading foliage which is very fine, soft and feathery. Nothing better than this to make up with cut flowers. **25c each**

Sprengeri—A variety of the finest ornamental qualities. For hanging pots, or bracket pots where the mass of rich foliage can droop in its natural grace, it is one of the loveliest objects it is possible to find for window decoration. For cutting it lasts weeks in water. Plants also blossom freely and bear large red berries which add greatly to the beauty of the wavy foliage. Nothing finer for decorating, or for bouquet making. Splendid for the porch when grown in hanging pots or wire baskets of moss and soil.

25c each; 3 for 60c. Seed, 10c per Pkt.

ACALYPHA, Sanderi

A straight, stout branching plant, clothed with large green leaves of good substance, and out of the axil of every leaf grows a spike of blossoms, glowing crimson in color. Ten to twenty inches long, as large around as one's finger and looks like a long piece of crimson chenile cord. They last for months. Even tiny plants in thumb-pots bloom, though, of course, the spikes are smaller.

35c each; 3 for $1.00

ACALYPHA, SANDERI

AGAPANTHUS, Umbellatus

Lily of the Nile

A most beautiful pot plant now rarely seen. It bears great clusters of Lily-like blossoms which are very attractive. The plant grows two feet tall with long slender leaves. Water generously when in bloom. Mixed colors, white and blue. **40c each; 3 for $1.00**

ASCLEPIAS, Curassivica

A plant of unusual merit, as it is a perpetual bloomer, producing large clusters of orange-scarlet blossoms at all times. It, however, blooms most freely from December to Easter. It is one of the finest pot plants we have ever grown. **30c each; 3 for 75c**

AGERATUM, DWARF

These are the finest Ageratums we have ever offered. They are of very dwarf, compact growth and a great profusion of extra large blossoms. Extra fine for both bedding and pot culture.

Snow White—The best white sort. Grows only six inches high and is a solid sheet of bloom all the time. Splendid for pots or beds.

Dwarf Blue—Like the above but a lovely blue.

Fraserii—This new Ageratum grows from eight to ten inches tall, making a plant one foot in diameter. The color is a fine blue and as a border or bedding plant there is nothing better. A most persistent bloomer and flowers are very large. Strong plants.

20c each; the 3 for 50c; $1.50 per doz.

TREE BEGONIAS

These showy plants are very popular. They are strong growers, perpetual bloomers and very fine in every way.

Immense—A new flowering Begonia of wonderful size and beauty. The clusters of crimson-pink blossoms are very large. Plant grows two to three feet tall with handsome spotted foliage. Blooms all year round and is a superb new plant in every way. **60c each**

Thurstoni—A large growing plant and a perpetual bloomer. Flowers rosy pink, in clusters, leaves large, like polished jade, of an emerald green color; dull, blood red underneath; very ornamental. **30c each**

Metallica—Blossoms pink, leaves large and hairy, having a peculiar metallic lustre. A superb plant. **30c each**

Haageana—Flowers rose pink in great clusters nearly a foot in diameter. Plant grows very tall and is covered with reddish, fuzzy hair which makes it one of the most beautiful Begonias we have. **75c each**

Pres. Carnot—Brilliant red flowers in immense clusters. A tall, striking and handsome plant. **30c each**

Rubra—The grand old crimson-scarlet. Enormous size. **30c each**

One each of the above 6 sorts $2.25

BEGONIA MIGNON HYBRIDS

New Large Flowering Varieties

These beautiful quick-flowering Hybrids of Begonia Gracilis are among the best and easiest grown plants either for pots or bedding. Plants bloom very quickly and are easily cared for. Colors, white, blush, pink, rose, crimson, etc. Make delightful pot plants, always in bloom.

New Luminaris—Foliage a rich bronzy crimson, flowers scarlet. A most showy plant.

Pearl White—Large, snow-white.

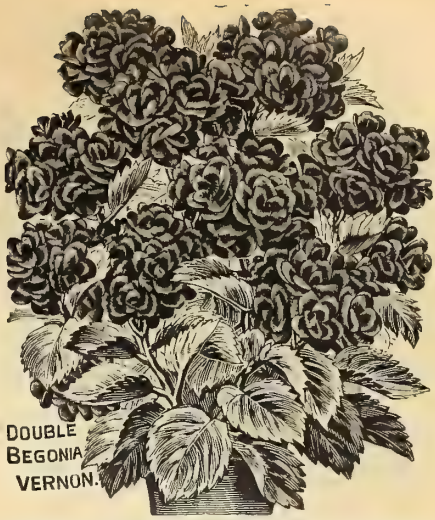
New Bonfire—Bright rosy scarlet.

Primadonna—New, exquisite, large pink.

Pink Profusion—This is distinguished for its fine deep pink color and unusual quantity of blossoms.

25c each; the 5 for $1.00; $2.00 per doz.

Seed, Hybrids, mixed colors, pkt., 15c



DOUBLE BEGONIA, VERNON HYBRIDS

Attractive flowers, borne in large clusters, and with a freedom that is surprising. There is certainly no other plant producing fine double flowers in such quantity the year round as does this. It is adapted to any window or porch, or it may be bedded out in summer. In any position it is always a prize bloomer, and beautiful in foliage. We offer a fine mixture of pink, white and crimson. **50c each**

New Dwarf Double Begonia Vernon—This charming little plant grows only about six inches high, but its attractive foliage and bright crimson flowers are greatly admired. Very double flowers and a profuse bloomer. Splendid for bedding and borders, or as a pot plant. We cannot praise it too highly. **40c each; 3 for $1.00**

CYCLAMEN, Grandiflorum

Few pot plants are so desirable for winter blooming as the Cyclamens. They are in continuous bloom for several months. The foliage is very attractive, being variegated with several shades of green. The flowers rise above the foliage on long stems and are odd and interesting in form. They are of the clearest, most intense colors, ranging from pure white, through various shades of pink to deep red and purple. Some are spotted and striped with contrasting colors.

Strong 4-inch pot plants, mixed colors, 75c each; 3 for $2.00

WONDERFUL CACTI

The Cactus is a most odd and interesting plant. Few others can show such a great variety of strange forms and manner of growth. Many of the flowers are wonderful for their great size, delicate coloring and fragrance. They have a way of appearing unexpectedly at the tips or sides of the leaves, in some forms. We offer a few varieties that grow well in pots. Give them sandy soil, plenty of sunlight and little water.

Cereus Grandiflora—The true Night Blooming Cereus from the Miter Mountains of Mexico. Has large, fragrant, white flowers of fascinating beauty. Flowers open in the evening. Fine plants. **50c each**

Stapelia Variegata—Thick, succulent stems and starshaped maroon, brown and yellow spotted blossoms. The flowers are thick and leathery, resembling the skin of a reptile. It is very attractive. **30c each**

Phyllocactus Empress—This Cactus is like the Night Blooming Cereus in size but beautiful pink in color, each flower keeping perfect several days. A little plant only a few inches high will often show several magnificent flowers. Very easy to grow. **60c each**

The Queen Cactus (Phyllocactus Latifrons)—Flowers appear at evening and last all night. Pure white, delicately shaded pink outside with a most lovely form and texture. It is not unusual for a large plant to have several of these enormous flowers open at once. **65c each**

Crab Cactus—Old and well known and always highly prized. A great profusion of rosy scarlet flowers in November and December. The flowers resemble somewhat the outstretched claws of a crab. **40c each**

GENISTA, Shower of Gold

As a plant for late winter and early spring-blooming (especially for Easter), it is almost without an equal. Flowers, golden-yellow, very fragrant, and borne in large, drooping racemes and in such quantity as to almost hide leaf and branch—most truly a "Shower of Gold." Sure to bloom. **25c each; 3 for 60c**

Genista, New Dwarf—Like the above but dwarf and compact, with soft green foliage and oval leaves. Very free flowering, blooming for three or four months. **40c each; 3 for $1.00**

NEW CARNATIONS, French Monsters

A new race of Carnations which have created a sensation wherever exhibited. The enormous blooms are about three times larger than any other Carnation, borne on stout stems and so full and double that it takes a flower sometimes four weeks to fully expand. Plants sturdy and healthy, blooming all winter like the best greenhouse sorts.

Le Miracle—This French Monster is of great size and has a distinct coloring new to Carnations. A rich purple-lavender, with more or less variegations of color. **50c each**

Merveille Francaise—Flesh-white, freely striped and blotched dark pink and crimson. Largest variety known except our new Triple Alliance. **50c each**

Triple Alliance—Our new sport from the above sorts and the largest carnation grown. It unfolds slowly, giving the effect of three large flowers closely set on one stem. Its color is remarkable, being of a wonderfully clear, deep pink at the center, shading through delicate tints to almost white at the edges of the petals. Dainty penciling of deeper color adds distinction to the flower. A most wonderful carnation in every way. Stock limited. Large field grown plants. **$1.00 each**

CARNATION, Christmas Cheer

This is the well known standard type. A pot Carnation absolutely unique. Color, a brilliant glowing Poinsettia scarlet.

Strong field plants 40c each; 3 for $1.00

CAPE JESSAMINE OR GARDENIA

Everblooming—This grand novelty does not differ from the common Cape Jessamine or Gardenia except it blossoms the year round, while the old sort blossoms only a short time in the spring. The flowers of this are very large and perfect, with pure white, wax-like petals and glorious fragrance. Large, double and surpassingly lovely. A good plant will show flowers every day in the year, and it is an easy thing to manage, growing well as a window plant. **50c each**

OTAHEITE ORANGE

An extra fine pot plant, with glossy leaves, the true fragrant Orange blooms and abundant little bright Oranges that will hang on the bush like balls of gold for several months after they are ripe. It will bloom and fruit in a two-inch pot, and we have seen a plant in a window that was but fifteen inches high and had twenty-five Oranges on it. With good sunlight they are never out of fruit. **40c each; 3 for $1.00**

WONDER LEMON

A Lemon that can be easily grown in pots. These enormous fruits are borne on plants one to two feet high, growing in five or six-inch pots. Strong plants.
40c each; 3 for $1.00

OLEANDER

This well known plant is very attractive and can be grown in almost any soil or situation. Its dark green, willow-like foliage is in itself very pleasing; but when it blooms it is most beautiful with its many large, delicate satin-like flowers.

Pink—Large blossoms of fine rosy pink. Very double.

White—Magnificent large snow-white, double.

Yellow—Large and very beautiful.

Price, 50c each; the 3 for $1.25

OXALIS, Rosea

Every day in the year this wonderful plant will show a mass of deep rosy crimson blossoms in clusters on graceful stems above a mass of attractive foliage. Succeeds everywhere. **40c each; 3 for $1.00**

OXALIS, Ortgiesi

A shrubby plant like a Geranium or Fuchsia without bulbs, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and bears clusters of bright golden star-shaped flowers, which do not close at night like other Oxalis. The leaves are three lobed, dark olive green above, and a beautiful shining metallic crimson-purple underneath.
40c each; 3 for $1.00

EUPHORBIA JACQUINIFLORA

A brilliant and attractive winter blooming plant. No matter how small a plant may be, it is always full of bloom all winter. Color, intense scarlet and blossoms wreathe every branch in brilliancy. Flowers keep perfect two months.

35c each; 3 for $1.00

DOUBLE CHINESE HIBISCUS

Where can we find a more striking plant than this with its glossy leaves and huge flaming flowers of satin-like texture? Summer or winter, it is always budding and blooming. Pots of Hibiscus are extra fine for piazza or balcony, and for bedding out in summer.

Peachblow—This is one of the finest plant novelties offered in recent years. The flowers are double, and from four to five inches in diameter; of a charming rich, clear pink color, with small deep crimson center.

Auriantica—Very large double orange-yellow. Makes a fine contrast with Peachblow and Minneatus.

Minneatus—As gorgeous and fine as a Peony. Bush blooms when but a foot high. Blossoms a burning crimson; very double.

Cooperi—Most exquisite foliage being variegated green, white, pink and red. A highly ornamental plant. **Fine Plants, 40c each; 4 for $1.25**

PLUMBAGO HAS A CHARMING SOFT BLUE COLOR

PLUMBAGO

This is easy to grow, and if pinched back a little occasionally is always in bloom, with lovely clusters of attractive phlox-like flowers. Very delicate and handsome.

Capensis Blue—Scarcely another flower has its color; a clear, soft, baby-blue, or palest azure. An attractive pot plant, and the clustered blossoms are fine for cutting. **35c each; 3 for $1.00**

Capensis Alba—Like the above but white.
35c each; 3 for $1.00

PRIMULA OBCONICA IS A MOST ATTRACTIVE PLANT

PRIMULA, Obconica

Monarch Primrose

These are new large-flowering Obconica-Sinensis Hybrids of various colors, as large and fine as Primula Sinensis. Colors, pink, violet, blush, rose, lilac, white, etc. Very charming flowers, being borne in large trusses and at all times of the year in great profusion. They bloom very quickly from seed, and the large, showy blossoms are borne constantly for a year, and when we realize that these flowers are as large as P. Sinensis, and almost as varied in color, their great value is at once apparent. Plants very vigorous and easily grown.

Seed—All colors mixed. **15c per pkg.**

Plants, Mixed—Fine healthy stock, ready to bloom.
25c each

Primula, Malacoides

Very profuse bloomer with hundreds of graceful flower stems, bearing clusters of exquisite white flowers. Hardy, robust and easily grown as a pot plant, this is one of the very finest winter-blooming plants. It blooms all winter long in wonderful profusion in any window.

Large Rosy Violet—Fine violet tinted. **20c each**
Pure White. **20c each**
Seed, Mixed Colors, pkt., 15c

RESURRECTION PLANT

A ball of tightly folded leaflets, dry and dead. Drop it in a bowl of water and in a short time there is a great, loose, expanded rosette of fine, green fern-like leaves, both odd and beautiful. This can be repeated many times, the plant curling tightly together when dry, expanding when soaked. A most interesting plant.

10c each; 3 for 25c

ROSE, WINTER GEM IN FULL BLOOM

THE LOVELY ROSE, BABY DOLL

ROSE, WINTER GEM

The Greatest Pot Bloomer of all Fine Roses

One of the greatest Rose novelties, owing both to its beauty and unparalleled blooming qualities. It is a Tea Rose of remarkably strong and vigorous growth and a prodigious bloomer all the year. It flowers all the time, particularly during the winter, hence its name. The blossoms borne on long, graceful stems are of large size and a lovely crimson pink color. The buds are perfect in form and the open flower full and double. It is the strongest, hardiest, most vigorous and rapid growing Tea Rose in cultivation. One plant of it will produce more good Roses in the year than any other Tea Rose grown. The plant will bloom continually and nothing but killing it outright will check it. The blossoms are singularly beautiful in shape, color and poise, and most delicately scented. More fragrant than any other Tea Rose. It is so strong and vigorous that it seldom mildews, and is a rapid grower, blooming at once from small cuttings. Well established plants, grown especially for winter-blooming. **40c each; 3 for $1.00**

SOLANUM, Jasminoides

This is a fine climber for the window garden, with woody stems which will grow several feet in a season. It bears clusters of pretty, white, starshaped flowers about one inch in diameter, sometimes tinted with pale blue. It makes an attractive pot plant for the house throughout the winter in the North. In the South it is half hardy and makes a useful climber for the flower garden or trellises. **Plants, 40c each; 3 for $1.00**

SANSEVERIA ZEALANICA

There is scarcely a decorative plant used that is more striking in foliage and habit than this, and certainly no other that will stand as much downright neglect and hardship. It will grow in a dark hall, cool bedroom, or stand on a mantel in a heated room. It will stand gas and dust, and will go for months without a drop of water, yet remains as thrifty as ever. Erect, rigid, sword-like leaves, thick and fleshy, dark green with clouded bars of white. In May or June it sends up long, plumy spikes of soft feathery whiteness. Just the plant for sunless windows or halls, where nothing else will grow. **30c each; 3 for 75c**

ROSE, BABY DOLL

This delightful little "sweetheart" Rose is an everbloomer. The color is new, a sort of golden yellow, tipped with clear, bright cerise. The little buds and blooms are borne in great abundance. The foliage is narrow, long and sharply pointed, a deep, glossy green. It makes a beautiful specimen in pots. **30c each**

New Everblooming PELARGONIUMS

These new Pelargoniums are considered by many to be the finest pot plants in cultivation. Habit, strong, compact, and bushy, with the strongest constitution and great wealth of beautiful, luxuriant foliage. The plants are perpetual in blooming habit, especially from March to September. The petals are beautifully curved and cupped and borne in endless profusion.

Easter Star—Large reddish scarlet flowers with regular black blotches. Toned with purplish carmine. Very effective. Robust and free. **50c each**

Pansy Cluster—A very profuse bloomer in spring and summer. The flowers are like good sized Pansies in large clusters, being tinted white with large dark velvety blotches. **40c each**

PALM, Filifera

One of the best window Palms, needing no particular care to succeed. Stands dust and dry air, and lack of sunshine, and is very ornamental with its elegantly fan-shaped leaves of a rich, dark, leathery green, picturesquely fringed with long thread-like filaments along the segments of the leaves. The plant is a compact grower, well adapted to pot culture, succeeding in any situation. One-year plants, about ready to develop the fan-shaped leaves. **40c each**

Choice Berries and Fruits

Most suburban homes have garden space for a few berries and grapes and nothing is easier to care for or gives greater returns. We offer a carefully selected list from varieties that we have tested and found desirable.

BLOWER'S GIANT BLACKBERRY

There is no bush Blackberry that can equal this in productiveness, quality of fruit, hardiness and vigor of growth. We have grown this Blackberry on our farms for several years, both for plants and for fruit and from our experience with it we can highly recommend it to our customers in every respect. Extra strong plants.

3 for 60c; 12 for $2.00; 100 for $12.00

ST. REGIS Everbearing RASPBERRY

This is one of the earliest of all red Raspberries, beginning to ripen in June just as the Strawberry crop is waning. It is wonderfully prolific. It gives a crop of fruit all summer until late in August. By this date berries begin to ripen up on the young, i. e., current year's canes, which continue to produce berries in increasing numbers until late autumn. These berries are a bright crimson, of large size and surpassing quality, rich sugary, with full Raspberry flavor.

3 for 50c; 12 for $1.75; 100 for $12.00

NEW RASPBERRY, HONEYSWEET

Fruit shiny black without the gray bloom that spoils the looks of most blackcaps. The berries keep longer after ripening than any other sort and picking can be done at one's convenience. The fruit pulp surrounding the seed is full of thick sweet juice, very little sugar is necessary in serving or canning. As to hardiness and vigor of growth there is none to surpass it. Bound to be a great favorite for home gardens, and for market, as well as for canning and drying.

Strong plants, 30c each; 3 for 75c; 12 for $2.50

NEW GRAPES

Pierce Giant—In this grape we have a strong growing vine, enormous foliage and great bunches of berries. Fruit extra large, color of Black Hamburg, with a quality and appearance equal to any hot-house variety. Pulp exceedingly tender and melting and of fine flavor. Keeps until January. **$1.00 each; 6 for $5.00**

Caco—This is a cross between a Catawba and Concord, and is one of the very finest grapes grown. Surpassing in tenderness, luscious flavor, aroma and juiciness. Bunch large and compact. Berry large and nearly round. Season a little in advance of Concord, A heavy yielder. **75c each**

Hubbard—Quality sweet and delicious, having the fine flavor of the European or Vinifera Grapes. Berries and bunch large. Ripens about ten days earlier than Concord. **$1.50 each. One each of the 3 for $3.00**

STANDARD GRAPES

The following are the very best of all standard Grapes and represent all colors, white, red, black, purple and yellow.

Niagara—This is the finest white grape grown. Berry and bunches large, sweet, pulpy and fine flavored.

Brighton—A large red grape of excellent flavor.

Worden—Immense size, rich purple-black color and superb quality. Best black variety.

Concord—The fine old reliable purple.

Delaware—A favorite small, early, sweet, red grape.

Golden Pocklington—A large, sweet grape of a rich golden amber color. The only yellow grape.

40c each; $4.00 per doz.; the 6 for $2.00

ASPARAGUS ROOTS

Asparagus should be grown from roots and not until the second spring after planting should you cut it, in fact it would be better to wait two seasons before cutting. Keep the bed well cultivated and each year, early in the spring, dig in a good quantity of well-rotted stable manure. Never cut asparagus after the last of June.

New Washington Asparagus—Introduced by the U. S. Department of Agriculture, and is far superior to any other Asparagus. Is rust resisting. 2-year-old plants. **75c per doz.; $3.50 per 100; $30.00 per 1,000**

Barr's Mammoth—2-year-old plants. **75c per doz.; $3.00 per 100**

Giant Emperor—2-year-old plants. **$1.00 per doz.; $5.00 per 100**

A GREAT DELICACY IS ASPARAGUS, AND ONE OF THE FINEST SPRING TONICS FROM THE GARDEN

GIANT CRIMSON WINTER RHUBARB

The earliest and finest of all Rhubarb and fit for use not only in the spring, but all through the summer and fall. As fast as stalks are pulled fresh ones will take their place. In the Southern and Pacific States it may be used all the year round, requiring only water in dry localities to keep it growing. The stalks are not so bulky, soft and watery as most other kinds, and the skin is so thin and tender that it is not necessary to remove it, and when cooked a beautiful crimson colored sauce is the result. Flavor sprightly and refreshing. Delicious for pies or sauce.

Price of Roots—20c each; 3 for 50c; 12 for $1.60; 100 for $10.00

CHIVES

An old favorite garden plant and one of the most desirable and delicious of the Onion family. The tender, succulent tops are ready to cut as soon as the snow goes off, and may be cut frequently like Asparagus all the spring and used for salads, flavoring soups, dressings or for eating raw. It is most healthful and appetizing and no garden is complete without it. Strong single roots or crowns. **40c per doz.; $3.00 per 100**
